Subject: RE: Bristol Bay-related meeting request -- April 15

Peter et al:

5 PM ET on April 15 works for me. I will reserve a conference room here.

Please enter the EPA West (WJC West) building using the 1301 Constitution Ave Entrance and security will call me to come and sign you in.

Thanks, Palmer

That time would be fine with us. I'll wait to hear from Palmer if that works for him.

Thanks to you all,
Peter

Peter

I can make time for a meeting on April 15. I have not spoken with Bill or Rick.

Is this a call?

Palmer

Gentlemen,

A conflict came up overnight from one of our participants, leaving us with 4/15 as the only meeting date that works for us during that week. If that date does not work on your end, we will have to explore other alternatives.

Thank you,
Peter

Rick, Bill and Palmer,

I email to request a maximum 1.5 hour meeting on April 15 or 16 with EPA staff who would be relevant to and interested in a discussion of a specific 404(c) vision related to the mining of the Pebble mineral deposit. The meeting would further EPA's efforts to determine whether and how to establish restrictions to protect against any unacceptable adverse effects of mining that deposit.

Participants would include the following:

Daniel Cheyette, Bristol Bay Native Corporation

Rebecca Bernard, Besseney & Van Tuyn, L.L.C.

Tom Yocom, contractor to BBNC

William Riley, contractor to BBNC

Peter Van Tuyn, Besseney & Van Tuyn, L.L.C.

I anticipate that Daniel, Rebecca and I would be in person at EPA offices in DC with any EPA who can participate from there, and that the remainder of the participants would be on the telephone. We would share materials ahead of time so that all participants would have easy access to them.

Please let me know if we can schedule such a meeting on one of those dates.

Best,

Peter
